Dares Death

ROY CHAPMAN ANDREWS, exploring the great Gobi Desert of inner Mongolia, says he has found relics dating back 150,000 years. No one knows the exact age of this earth. Scientists tell us there was some form of human life here at least 300,000 years ago. Ancient man had his trials and tribulations, his pleasures and ambitions, most likely. Faint etchings on stone, extant, are crude and rough as the cartoons by T. E. Powers in the New York Journal indicate that early man had developed some artistic inclinations.

ANCIENT MAN HUNTED and fished. He probably had as much fun out of life as we twentieth-century mortals with all our crudities and conveniences. Four hundred thousands years from now our descendants will look back on this century label it with some name, as we do the neolithic and paleolithic periods, and comment sagely upon the progress made by untutored people on the brink of civilization.

"BOSSY" GILLIS, COLORFUL noisy mayor of Newburyport, Mass., who adores Andrew Jackson and would like to follow in his foot-steps, draws 330 days' sentence and a fine of \$1,140 for running his gasoline station without a license. He broke his own city ordinances, the prosecutor claims. Some will sympathize with the very human, red-headed mayor, but the city's chief executive should be the last one to defy the law, whatever they are. When the state or nation refuses to abide by regulations which his oath of office demands he uphold, the entire edifice of government totters. If "Bossy" Gillis had as much political sense as personality, he would see this.

THE SOVIET GOVERNMENT refuses permission to a British warship to enter Russian territorial waters to transfer the bodies of the recently raised submarine L-55 from Leningrad to England. This is strictly within international usage where diplomatic relations have been severed. Our civilian powers have cut themselves loose from Russia and Russia trusts to one. However, the Soviet government, anxious to establish itself

DISCOVERY OF
PLANE DENIED

OSLO, Norway, Aug. 30.—(UPI)— Apparently groundless reports today that the wreckage of Roald Amundsen's Latham airplane, in which the explorer and five companions were lost while searching for members of the Polar dirigible Italia's crew, had been found, caused great excitement here.

The reports, which were not confirmed apparently originated through a correspondent of the newspaper Aftenposten, who said the wreckage had been found on one of the three northmost islands of the Lofoten group, known as Vesterålslands. An investigation was started tonight, but Arctic experts placed no faith in the reports.

Costa Rica Disrupts League

A Honeymoon a la Carte

RULING ASKED
BY NATION ON
U. S. DOCTRINE

GENEVA, Aug. 30—(UPI)—The little nation of Costa Rica has raised the most perplexing question before the 51st session of the League of Nations council.

Costa Rica's demand for an interpretation of the Monroe doctrine has not been placed in the assembly agenda but President H. J. Procopio, foreign minister of Finland, will submit the question to a secret session probably on Friday. The hope is, a reply will be framed and later the council members will decide whether they will take up the issue at public session.

NANCY GLAYE pretty New York society debutante, will dare death daily if she has her way. She's volunteered to make a parachute jump above Mineola, N. Y., fair grounds daily during Long Island charity pageant.

Killers Joke
As They Near
Prison Gates

Waking at the local ferry for the boat to San Quentin, Louis Lazarus and George Costello, Oakland bandits convicted of murder in the first degree for the slaying of an Oakland bank teller, took their fate philosophically and joked as they waited for the ferry which would take them to the doors of San Quentin where they are doomed to hang on the gallows for their crime.

The men were brought through Richmond in a cavalcade of three motorcars carrying heavily armed deputies, reports being current that underworld friends of the men might attempt to effect their escape.

In the two cars following the leading machine in which the two condemned men were riding, deputies with sawed-off shotguns and machine guns were given orders to "shoot to kill" at the slightest provocation.

During the wait at the Richmond ferry slip, Lazarus discussed baseball with his guards while Costello read the sporting columns of a newspaper.

"Yes," returned Lazarus, "where men live in hope and die in despair. Well, it won't be long now."

Move Launched To
Hold 1929 Confab
Of I. D. E. S. Here

Richmond has an excellent chance to secure the 1929 state convention of the I. D. E. S. It was learned here yesterday. First indication that Richmond was being considered as the locale for the convention came last Monday night when the matter was laid before the council.

It was disclosed that the sum of approximately \$2000, raised either by the city or local commercial organizations, would result in Richmond securing the convention.

An active worker in efforts to bring the session here, which would bring more than 1000 people to this city, is Manuel Marcus of Pinole, a present grand officer of the organization and a past president.

ENDS EASTERN TOUR

VIENNA, Aug. 30—(UPI)—Two silver wedding anniversaries have been celebrated by Ignatz Dressler in this city. One hundred and two years of age, Dressler has outlived two wives. To his first wife he was married 30 years and to his second one 40 years.

TWO SILVER WEDDINGS

SAN FRANCISCO, Aug. 30—(UPI)—Col. Lindbergh arrived here at 7:05 p. m. tonight after a flight from Seattle, Washington, with a stop at Medford, Oregon.

It was one of the longest flights he had made in a single day recently.

He left the landing field immediately after his arrival without disclosing where he planned to spend the night and left his plane in charge of mechanics who put it in a hangar.

Funeral services for little Edward Marion Haule will be held in the family home, 517 Eighth street at 2:30 this afternoon. Interment will be in Sunset View cemetery.

HUSBAND KISSES BABES, TELLS WIFE GOODBYE AND DRAINS VIAL OF POISON

Unable to effect a reconciliation with his wife from whom he had been estranged since last February, Emil Halter, 25, late yesterday afternoon drank poison in the home of his wife's mother, Mrs. Mary Buccarelli, 206 South Forty-first street, this city, and was rushed to Emergency hospital where physicians say he has a fighting chance to recover.

Halter, after many previous attempts to again win favor in his wife's eyes, came to the home of her mother where she had been living since February, according to police version of the tragedy. His efforts to effect a reconciliation had failed to induce Mrs. Halter to drop a divorce action filed against him early this year, ~~now~~ ~~against~~ ~~his~~ ~~wife~~, police declare.

Taking his two children in his arms, Halter kissed Pauline, 6, and George, 5.

He turned to his wife and said, "Goodbye, I'm going to commit suicide," police learned.

Mrs. Halter, believing her husband had been sincere, said jokingly, "Go ahead."

The next instant Halter had drained the contents of a tiny bottle.

Mrs. Halter, believing her husband had swallowed liquor, was surprised.

A huge bonfire was held after the parade, and while flames leaped upward and lit the sky, the students massed around it and gave way to pre-game enthusiasm.

This afternoon, shortly before four o'clock, Richmond high pigskin artists will clash in deadly combat with the Oakland Tech eleven on the local grounds in the initial contest of the gridiron season.

The site surveyed for a dam is above the junction of the state highway and the road leading into Port Costa.

School spirit pent up since the close of a successful season last year, overflowed last night at the rally and will pour forth again this afternoon when the referee blows his whistle to signify the start of the game. Mighty few Richmond students will be absent this afternoon, and mighty few spectators, stirred by the parade last night, will journey to the local gridiron this afternoon to lend their cheers and moral support to Richmond's football representatives and to watch what they believe will be the Red and Blue's first victory of the season.

Judge Lindsey Files Answer

DENVER, Aug. 30—(UPI)—Ben B. Lindsey former judge of the juvenile court here, admitted today that he had received \$37,000 from Mrs. Helen Elwood Stokes and \$10,000 from Samuel Untermyer but stated, in a lengthy answer to disbarment proceedings pending against him, that the money in no way affected the conduct of his judgeship.

The disbarment complaint was filed two months ago and charged gross misconduct as an attorney and judge in connection with the acceptance of the money. Lindsey's answer, filed with the state supreme court, declared there was nothing unethical about his conduct, described the money as "gifts" and charged personal enmity was responsible for the proceedings.

GARBO PICTURE NOW SHOWING AT CALIFORNIA

In "The Mysterious Lady," now playing at the California theatre as a new Metro-Goldwyn-Mayer starring vehicle for Greta Garbo, an unusual drama of European military history is presented with a provocative love story stimulating the motivation.

The story is taken from a well-known tale of the pen of Ludwig Wolff, the German novelist, and Max, the spider-like web of action, that was woven through the continental armies before the World War.

The background against which the story is set in methods is so novel and the techniques so skillful and dramatic, are unique in the one. In contrast to the dramatic effects the scenes of romance in the outstandingly beautiful throughout and in many scenes exceed the usual interest.

The scenes have included:

The Marquis present in the scenes from the original play, French in the stellar cast, Gustav von Seyffertitz in the title role, Conrad Nagel, Irene Ledget, George Hanneford, the Flying Manoeuvre Act, wonderful Kentucky thoroughbred equines ridden by 50 ladies and gentlemen, the Flying Circus, the Flying Tappers, the Flying Wards in desperately dangerous and daring aerialism are collective and individual gymnasts.

Each production will consist of one hour and a half of good, fast, artful dancing, clever photo-sets and unique musical song and dance specialties. Each week the performances will be given here on the same day starting Sunday. Each show will be different from the other—but will be proven popular productions, with weekly changes of scenery, costumes, chorus numbers and specialties.

Nat Holt's comedians are giving the interior California the same high class musical comedy stock productions as have proved so very popular in the larger cities.

Each production will be given on Saturday evenings, entitled "Thrills! Thrills! Thrills! RIN-TIN-TIN" in which Reginald Denny is starred.

Nat Holt who is one of the best known and successful theatrical managers and musical comedians in the West, directs through the Nat Holt Comedians to give the interior California the same high class musical comedy stock productions as have proved so very popular in the larger cities.

OH, SKINNAY! CIRCUS OPENS ON SATURDAY

The Sells Floto circus comes to Oakland tomorrow, Sunday and Labor Day. The time-honored custom has always been to refer to each successive year's circus as bigger and better than ever, but the phrase has been so bucked up that this year Sells Floto has had to use it despite the fact that they affirm it adequately describes the entertainment. There is material enough in this year's circus to make a dozen circuses or more.

Hundreds of horses, elephants, acrobats, sacred cattle, monkeys, etc., are utilized in the program.

The subsequent three-hour performance which Sells Floto give beats all records of the past. Every one of the five hundred participants is a champion in his own line. The exhibit of freaks is larger than ever before, and the manager has been augmented.

Three herds of elephants open the circus tournament presented by Sells Floto's rear, introducing lady elephant trainers, Effie Baldwin, Irene Ledger and Bobby Cornett.

Then a ceaseless procession of athletic specialists fills rings, rigging, platforms and hippodrome oval. There are riders of note in the circus world, which include George Hanneford, the Flying Plate of the whip, Bert Sloan the ace of perfection, in the art of tight wire performance, Cecil Lewand, Montana Connors whose wonderful feats in horsemanship have never been equalled, Marvelous iron jaw act by Dora Lawrence, Kimball Slaters, Anita Lamar, and King Sisters in their wonderful exhibition in the high dome of the canvas, displaying evolutions in mid-air which has no like or equal in all realms of the circus; the Ten Tappers, Arabs and other well-known athletes in astonishing novelties; Sells Floto Famous Manege Act, wonderful Kentucky thoroughbred equines ridden by 50 ladies and gentlemen; the Flying C. Sullivan troupe, the Flying Wards in desperately dangerous and daring aerialism are collective and individual gymnasts.

Furthermore, the production schedule called for the shooting of 13 scenes a day. Thirteen times the company worked 12 hours a day. Also there are 43 scenes of rape, this little lady casts her body over her own shoulder.

When the picture was started on the 13th of the month and finished on the 13th of the following month, Jean Herscholt used dressing room and Alice Joyce 20 on take 13.

Meville Brown, the director, has 13 letters in his name as his wife, Walter Anthony, the title writer.

Many of these 13s were just chance but some of them were planned by Brown who felt that he was a lucky number for him.

When the picture was completed it was 13 feet and the first preview took place 13 days after the filming of the last scene, and animal trainers, will present for the first time in circus history.

RECEPTION TO HONOR PASTOR, BRIDE

A reception honoring Rev. Merrill D. Treaster, pastor of the El Cerrito Community church and his bride will be held this evening in the church parlor. Members of the congregation who have arranged the affair have invited friends, relatives and acquaintances of Treaster to Richmond and El Cerrito.

Rev. Treaster is the favorite of the class, a graduate of the College of the Pacific and a member of the El Cerrito Lions Club society. Rev. Treaster is the son of Mr. and Mrs. D. G. Treaster of El Cerrito. He attended the University of Denver and the Huff School of Theology, where he was a member of the Philanthropic honor society. While carrying on his duties as pastor of the El Cerrito church he is attending classes at the College of the Pacific.

Rev. and Mrs. Treaster were married in Stockton, August 14.

Bradburys Leave For Buenos Aires Via New York

Mr. and Mrs. Phillip Bradbury who have been visiting the former's parents, Mr. and Mrs. F. W. Bradbury of Bissell avenue leave tomorrow for New York on their way to Buenos Aires, South America.

While touring Europe in the early part of the summer, Bradbury and his wife received word of his promotion to managership of the Chico office of a prominent American construction Company operating in South America. At the time the Bradburys were in Paris where they were to meet Miss Ruth Bradbury and Mrs. Edith Cray when they arrived for a month's stay in Europe.

Miss Joyelle is a very young woman to have achieved the success in the serious roles she has chosen, she is vitally alive, and speaks rapidly, is an artist to her fingertips. During her dramatization she submerges her personality completely in the character she is depicting at times speaking in the heavy tone of the Pharisee, again with the slow sad tones of Martha and still again with the sublime sweetness and dignity of Christ.

Sunday night she will present the drama "Twenty-four Bible Characters Come to Life" with a special episode depicting the spirit of Jesus to his Disciples. There will be no charge for this service. All are invited. The audience is asked to come with the deepest reverence, Miss Joyelle pleads for this and will present her work under no other conditions.

DUNDEE LOSES BY KNOCKOUT TO THOMPSON

CHICAGO Aug. 30.—(UPI)—Dundee, Baltimore welterweight champ, still holds his title, but only because he insisted that Young Jack Thompson, California-colored walter come into the ring overweight.

Carrying the attack to the champion from the opening gang, Thompson scored a technical K.O. in the second round after he had sent Dundee to the mat for a count of eight.

Thompson's attack was irresistible and Dundee succumbed shortly after the second round opened. At the count of eight he got to his feet after going down under a right to the jaw. But he was groggy and when he fell from a left to the stomach and a right to the jaw the referee awarded the fight to Thompson.

Dundee weighed 147 and Thompson 148 1-8.

ROBINSON IS DECLINING AS TEAM MANAGER

By MAX BUCKINGHAM

A presidential year in Brooklyn without a baseball club fighting for a pennant is discouraging to the chances of Uncle Wilbert Robinson again leading the Dodgers.

Steve McKeever, one of the major stockholders, has said that Robbie must go as claimed the club needs a managerial change and has claimed that Robbie hasn't extended his full warranty towards the 1928 club. Robbie points to his contract which has a year to run, says he intends to fulfill it—and there the matter rests.

But to get back to the presidential year.

In 1920 the Robins won a pennant. From that time on the Brooklyn team was one of the big laughs of the league. Whenever they got within speaking distance of first division the Brooklyn fans got excited but speaking distance was about as close as they ever got.

Came 1914 and Robinson, once a member of the Baltimore Orioles along with John McGraw, was appointed manager.

Two years later—1916—was a presidential year. Robbie chose that year to become one of baseball's master minds and piloted a club that had been conceded virtually no strength, into a championship.

Then in 1920, the next presidential year, Robbie took another team that appeared slightly less than Class B on paper, and started everyone by directing it into a championship.

Brooklyn fans were aglow. There wasn't anything Robbie couldn't have. And in 1924 they felt sure that Robbie would repeat his presidential year hoodoo on the other National League clubs and send the Dodgers through to a pennant. Robinson tried.

The race was hectic and it was only by a game and half that the Giants beat out the Dodgers for the title. The fans had attended well, stood by the portly leader and told how tough breaks had deprived the Dodgers of another presidential year pennant race.

Through the next three years the Robins were sort of a hit-or-miss club but all the fans figured that 1928 might bring a pennant. This spring they pointed to Dazzy Vance to Jess Petty, to some hard hitting outfielders and infielders—and they smiled to think that again the Flatbush club would coast in.

British Are Defeated In Chicago Play

By FRANK GETTY
United Press Sports Editor

CHICAGO GOLF CLUB Wheaton III, Aug. 30.—(UPI)—The anticipated rout of the British challengers for the Walker cup materialized somewhat later today than the experts had led us to expect, but when it came it was conclusive.

Bobby Jones and his team mates made a clean sweep of the four two-ball foursome matches which comprised the first day's play for the international trophy, and put the United States in the lead, 4 to 0.

The British amateurs must win a majority of the singles match's Friday to carry away the big silver trophy which has been held by American golfers ever since the first informal contests in 1921.

Once they settled down to the serious business of playing their best golf, the Americans were unbeatable in the foursomes. Each of the four matches was one-sided, more so than has been the case in the previous struggles for the Walker cup.

Bear Oarsmen Given Ovation

BERKELEY, Aug. 30.—(UPI)—Oarsmen of U.C. champions of the world, marched through a maze of blue and gold confetti to receive one of the greatest ovations ever accorded athletes of the college.

The entire city responded. Blue and gold pennants were waved by 13,000 school children who had been dismissed from classes. With a huge California Bear mounted on the hood of their automobile the crew was driven to the campus where praises were given each member of the team.

HOOVER FORCES UNITE TO GET NEW YORK VOTE

WASHINGTON, Aug. 30.—(UPI)—The problem of taking New York away from Governor Smith was considered by Herbert Hoover today in conference with leaders of rival New York republican groups. Edmund Machold, new republican state chairman, and William H. Hill, head of the Hoover for President organization and director of Hoover's pre-convention fight in New York state.

The two leaders indicated that whatever their past differences in the Hoover fight, they are now united to put it on a maximum effort.

Machold said it had not been decided how to handle the prohibition issue in New York. A close advisor of Hoover feels Hoover's acceptance speech might be construed to permit mild modification of the Volstead act in correcting the "causes" to which Hoover referred. Machold today did not discuss this specifically but indicated he is searching for some method of presenting Hoover to New York voters in a way that will appeal to them in spite of their wet leanings.

But to get back to the presidential year.

Gypsy Woman Is Fined For Theft

MARTINEZ, Aug. 30.—Paying a fine of \$200 on a charge of attempted theft, Albino Steve, 22-year old gypsy bride, today led her tribe of a dozen members out of Contra Costa county after failing in an alleged attempt to "frisk" E. C. Weiser, wealthy Danville rancher, of his wallet at Danville Tuesday.

The gypsy bride's reflection in a mirror in a refreshment stand prevented her. Weiser reported, from getting his wallet containing \$600 and \$1500 in securities.

Weiser says he saw the woman extract the wallet and when he whirled on her she dropped it in a scuffle and then fled. Officers dragged her from a car into which she leaped and which was part of a motor caravan that started a hurried getaway.

Yesterday afternoon she pleaded guilty before Justice A. E. Clarke at Danville to attempted theft and was given the alternative of a \$200 fine or a 200 days jail term. She paid the assessment last night.

POLICE SLAY BANDIT IN L.A. STORE ROBBERY

LOS ANGELES, Aug. 30.—(UPI)—Two youths, who laid aside their cloths and shoe polishes to pick up the guns of bandits, were the targets of police bullets today and one of them was killed and the other probably fatally wounded in a jewelry store robbery.

They were shot as hundreds of pedestrians looked on at a busy downtown corner.

The dead youth is Max A. Balizer, 18. He died during a major operation at a hospital, and tonight his pal, Wallace Eonell, 28, was near death.

Although the police bullets zigged through lanes lined by mobs of spectators now but the bandits were riddled with bullets.

The youths entered the Metropolitan Jewelry store while the proprietors, Arthur Fenberg and Joseph Kralin, were decorating the windows. One of the bandits held the owners back while the other scooped diamonds into his pockets.

At a signal both fled from the store and the proprietors followed, shouting the alarm.

An unidentified pedestrian faced the automatic pistol that dangled at the hands of one of the lads and attempted to trip him as possible. One of the youths fired at the robbery. When he went to the police bullet sent him sprawling to the pavement. Both robbers were riddled with bullets.

In the hospital they gasped out the information that they had tired of blacking boots and had determined to become bandits.

BICYCLE CLUB DISBANDS

WAUKESHA, Wis., Aug. 30.—(UPI)—The Waukesha Wheelmen club, the oldest men's club in Waukesha and among the last of the bicycle clubs in the United States, has disbanded. The number of paid-up memberships had fallen so low that it was impossible to maintain the clubrooms, officers said.

ROBINSON IS NOTIFIED OF PARTY HONOR

HOT SPRINGS, Ark., Aug. 30.—(UPI)—Senator Joseph Robinson, accepting the Democratic nomination for vice-president tonight defended the wet stand of Governor Alfred Smith and attacked the agricultural policy of the Republicans, promising relief by the Democratic party.

His remarks on prohibition were considered especially significant, as the senator, a dry himself, defined the campaign attitude the Democrats will assume in appealing to dry voters. Smith's support of modification was a personal attitude he said, adding that "it is in no sense an attempt at pullulation."

HOT SPRINGS, Ark., Aug. 30—(UPI)—Arkansas, represented by thousands of her citizens who came from all parts of the state, paid honor here tonight to one of her distinguished sons, Senator J. T. Robinson, at ceremonies where he was notified he was chosen for the democratic vice-presidential nomination.

A celebration of state-wide character, the greatest in the history of Arkansas, led to the acceptance address of Senator Robinson in which he outlined policies for the democratic campaign.

Cloudy weather, continued during the day and until the hour of notification by Claude Bowles, democratic key-noter at the Houston convention, while there was no rain, those in charge of the program were ready to move the event inside the Arlington hotel should a drizzle make it necessary at the last moment.

The scene planned for the cere monies was in a beautiful natural amphitheatre, gaily decorated with flags and bunting fronting the veranda and facing it were rows of pine seats going back to a mountain side where there was room for others. There was space for 25,000 persons.

Tough On John

There's a difference between "hope" and "expect." After laboring with her hubby for years, the wife finally declared: "I HOPE to meet John in heaven, but I don't hardly EXPECT to."

Well, there's no difference between the two words at our Bank. If you HOPE to receive courteous service, security of your funds, and every accomodation of modern Banking, that's what you may also EXPECT—and just what you will receive. Give us a chance to prove this.

HUSBAND KISSES BABES, TELLS WIFE GOODBYE AND DRAINS VIAL OF POISON

Continued From Page One
Wylie, rushed him to Emerysburg hospital in his machine after a Wylie and Kratzer ambulance had been summoned.

Drs. U. S. Abbott and L. A. Hedges worked over the man and with the help of attendants who used all their strength to halt his struggles, were able to partially revive him last night.

Mrs. Halter, who helped her brother rush the man to the hospital, remained impassive while physicians worked desperately to counteract the effects of the Creosol Halter had swallowed.

Physicians declared Halter had taken three ounces of the poison and that delay probably would have resulted in his death.

According to police records, Halter was sentenced to 100 days in the county jail following a fist-embroilment at a local dance hall. Later his wife filed suit for divorce, charging cruelty.

At 7:30 last night Halter had recovered sufficiently to be removed to the Cottage hospital.

"He was a fine man and a good husband before he began to drink," Mrs. Halter remarked after she had made certain her husband was out of danger and prepared to leave the hospital for her home.

"There is no chance for a reconciliation," she added.

Mrs. Halter was garbed in over-

Plane Victim Bodies Moved

PORTE JERVIS, N. Y., Aug. 30—(UPI)—Preparations were made here today for removal of the bodies of Hazel M. "Merry" Merrill and Edw. Ronne, killed when the plane they were flying from Buffalo, N. Y., to Curtiss Field, L. I., crashed at Pond Eddy, near here, Monday.

The bodies were found early today by a searching party after pilots soaring overhead had sighted the wrecked Curtiss Falcon biplane late Wednesday.

Aimee Named In Alleged Shady Deal

LOS ANGELES, Aug. 30—(UPI)—Alma Simple McPherson, famed evangelist, was the center of a new sensation tonight, following filing of a civil action, which implicated her and her church activities in an allegedly fraudulent real estate deal.

The action, brought by a member of her Angelus Temple, of which Mrs. McPherson is the head, probably will delay a proposed trip to Europe, which the evangelist had planned to start Monday. Attorneys announced that steps will be taken to prevent her departure at that time.

Mrs. McPherson was alleged to have received commissions of 10 percent on land sales which she was instrumental in obtaining.

The real estate project involved establishment of a "light house" or branch church at Lake Tahoe and tracts were sold on the promise that Mrs. McPherson proposed to erect a church at the pleasure spot, it was alleged.

Ralph B. Jordan, H. L. Henry, C. M. Kenyon and the Echo Park Evangelical association were made defendants with the evangelist.

The suit was brought by Malissa W. Puryear, who charged conspiracy to defraud her of \$5000. She asked damages of \$1960 in addition. Complete confidence in Mrs. McPherson led to the investment, the plaintiff asserted. She described herself as a worshipper at Angelus temple.

INVITATION IS EXTENDED FOR YOUTH RAISED BY MOOSE WILL KRESS OPENING ATTEND CONFAB

Formal opening of the new S. H. Kress and company store in Macdonald avenue near Tenth street will take place this afternoon when the public will be given the opportunity to inspect for the first time the building and stock. No merchandise will be placed on sale today as the opening will be merely to welcome the public to the new store.

Denny Stuaw's orchestra will play from 3 to 5 in the afternoon and from 7 to 9 o'clock during the hours that visitors will be welcomed.

Tomorrow marks the opening of all departments for business.

More than 100 employees have been engaged to tend to the needs of the crowds that are expected. A policy of hiring local persons, announced by the company some time ago, has been strictly enforced as the entire organization, with the exception of L. N. Perks, the manager, who comes from San Francisco, but who will make his home in Richmond, are residents of this city.

F. J. O'Hara of the California division office is in charge of the opening and will be assisted by K. A. Danielson, building superintendent, Miss Violet Brierly, sales force instructor, and L. S. Eyer, of the Santa Monica store, who will be in charge of the new San Jose store now under construction.

The new building designed and built especially for the needs of the company, is of brick, two stories in height, "T" shaped, facing on both Macdonald avenue and Tenth street. In accordance with the plan of the company, both the property and the building are owned by it, the S. H. Kress company owning 60 per cent of all building which it occupies.

Special attention has been paid to the lighting so that the interior is well lighted both by day and by night. Wherever possible, windows furnish light to the interior and the latest of modern fixtures provide artificial light for the remainder of the store, the light being thrown from lamps high above the counters reducing shadows. Customers and clerks are not irritated by glare. The V. G. electric company of Richmond installed all of the electrical fixtures. The Richmond Plumbing and Heating company installed the system for washing dishes which is one of the modern features of the building.

More than 200 stores are now included in the Kress chain of stores extending from San Diego to New York City and from Seattle to Miami, Florida.

The latest features in counters and display cases have been installed in the new store and the variety of the stock has been selected to cater to the needs of the general public.

in the good graces of the world, might do well to reconsider. Granting a favor to an unfriendly neighbor might be a benevolent gesture worth while to this suspicious world.

But governments, like ordinary mortals, must have their petty spites.

TREBIZOND, E. TURKEY, has been swept by a blizzard which has piled snow up nineteen feet deep in that city. It is the first August snow recorded Turkish history. No such phenomenon has been put into the book in that part of the world since Xenophon and his 10,000 soldiers marched through the Persian Empire to the Black Sea 3000 years ago. Turks of the snowed-in town regard this summer's icy visitation as a manifestation of Allah's wrath because Mustapha Kemal forced the substitution of hats for fezzes. The weather man might have a better explanation, but
